## **SCIENCE IS BREWING AT 21+ BEER NIGHT**

### ***MORE THAN 10 LOCAL BREWERIES OFFERING SAMPLES AT SCIENCE CENTER EVENT***

**PITTSBURGH, July 13, 2017** – Drink in the science at Carnegie Science Center’s next no-kids night.

Explore the chemistry of beer and enjoy free samples from local breweries on **Friday, July 28** from **6 to 10 pm** at Science After Dark **21+ Beer**.

Free samples of beer from more than 10 local breweries will be on tap at the event. The brewers scheduled to attend include:

Block House Brewery  
Penn Brewery  
North Country Brewing  
Southern Tier Brewery  
Couch Brewing  
Lavery Brewing  
Pilsner Urquell  
Fury Brewing Company  
Four Seasons Brewery  
Copper Kettle Brewing  
Levity  
Samuel Adams  
Butler Brew Works  
Rusty Gold

Learn about the science of beer with presentations from experts such as Beer Guru Mark Brewer. The Three Rivers Alliance of Serious Homebrewers (TRASH Homebrewers) as well as Copper Kettle Brewing Company will offer demonstrations and information about the home brewing process and experience.

The Brew Museum will offer a presentation on the history of beer and how the beverage helped push civilization forward. Other tasty treats for guests include information about beer/cheese pairings, samples of different types of jerky, and pretzel necklace crafting.

Visitors will also have the chance to participate in beer-themed science demonstrations and interact with all four floors of Science Center exhibits, while enjoying the music of [Mickey and the Snake Oil Boys](#).

Admission for 21+ Beer is \$24 and includes free beer samples and a special souvenir glass.

Proper identification is required, and all guests must show ID at the door.

21+ Nights are sponsored by PPG and Steel City Media.

For more information and to register, visit [CarnegieScienceCenter.org](http://CarnegieScienceCenter.org).

#### **About Carnegie Science Center**

Carnegie Science Center is dedicated to inspiring learning and curiosity by connecting science and technology with everyday life. By making science both relevant and fun, the Science Center's goal is to increase science literacy in the region and motivate young people to seek careers in science and technology. One of the four Carnegie Museums of Pittsburgh, the Science Center is Pittsburgh's premier science exploration destination, reaching more than 700,000 people annually through its hands-on exhibits, camps, classes, and off-site education programs.

#### **About Carnegie Museums of Pittsburgh**

Established in 1895 by Andrew Carnegie, Carnegie Museums of Pittsburgh is a collection of four distinctive museums: Carnegie Museum of Art, Carnegie Museum of Natural History, Carnegie Science Center, and The Andy Warhol Museum. In 2016, the museums reached more than 1.4 million people through exhibitions, educational programs, outreach activities, and special events.
